As the weather gets colder and the leaves fall, our campus transforms into a thousand shades of brightly coloured foliage. Each student in our faculty is like one of these shimmering leaves - unique and extraordinary, and WECS is here to help each and every one shine their brightest. Over the last month, we've focused on helping students get a leg up in the job search, developing key resume and cover letter skills, as well as helping them build their own portfolio sites. We've also hosted fun events (we all need some relaxation between endless midterms), and some review sessions (for those aforementioned midterms). As we head into reading break, remember to pause to appreciate this gorgeous fall, relax and remember that WECS is always here to support you!

Read below to see what we've been up to, what's coming up, and to learn about some very exciting open positions within WECS!
