***If you're reading this, it means you survived the first month of the spring semester.
Congratulations!***

I'm sure many of us are counting down the days until reading break, and dreading the midterms we have to get through before it. If you're marking the days with a big X on your calendar until your week of relaxation, i've got good news for you. You can get a sneak peak of that fun and relaxation right here! Take a peek through the newsletter to see what events are coming up (a great way to take a break from studying) and to learn about some very special opportunities both within WECS and outside of it!

Recent Updates

Updated Discord Server: We have updated our discord server to give you a new-and-improved experience! Here, we will post about our events and resources, and we're hoping to get regularly-occurring online game nights started as well! This server is open for anyone to join, so don't hesitate!

New Website: If you haven't had a chance to check out our new website, please do! It is beautifully built by our wonderful Vice President Charli and Website Director Ella, who programmed and designed it by hand. The new site combines functionality with aesthetics in the absolute best way! Check it out [here](#)!

We have a Volunteer List! Would you like to get involved in WECS but can't commit to a core team role? Join our Volunteer List! Follow up on our Instagram for more information, and keep an eye out for other opportunities on there as well!

January Event Recap: We hit the ground running at the start of 2026! From ECSS and UVSS clubs days to open houses to even a Hackathon, we've done it all! The open house and the hackathon were huge successes and as always, we loved getting to talk to and

meet everyone who visited our booth at clubs days!

Upcoming Events

Git and Command Line Workshop

TODAY!

Git and Command Line Workshop:

Join us for the WECS Git and Command Line Workshop! In this beginner-friendly workshop, you will learn how to comfortably navigate the command line and use Git version control so that you're prepared for your next co-op or big project. No previous experience with Git or the command line is necessary, but we recommend having programming experience and/or taken CSC 110/111 to get the most out of this workshop.

All you need to bring is a laptop with Git installed, and snacks will be provided during the workshop.

When and Where? Saturday February 7th, 10 am to 2pm in Clearihue C112.

Register [here](#).

WECS x ECSS Volunteer Info Session

WECS x ECSS Volunteer Info Session:

WECS and ECSS are hosting an info session to learn more about volunteering with us at the final exam review sessions! Come ask your questions and find out how to get involved as a volunteer.

When and Where? Thursday February 26th, 5:30 pm in ECS 108.

Galentines

Galentines Event

Will you be our Gal-entine? Join WECS on February 12th for a DIY lip balm making event!

Volunteers Needed: Volunteers are needed to help with the different stations. If you'd like to volunteer, please message the WECS instagram, or email us!

When and Where? Thursday February 12th in ECS 660. Please keep an eye out on the WECS socials for specific timing.

Open Positions

We have some open positions within WECS! If any interest you, you can find more information by viewing the linked document, and if you'd like to express your interest, please email uvicwecs.official@gmail.com with your name and completed [WECS Expression of Interest](#).

WECS is an amazing, supportive community that is always looking for others to join the Exec team or volunteer. Gender-diverse individuals are encouraged to apply! Below is some information about available positions! We look forward to getting to know and collaborating with you!

Human Resources Director

Human Resources Director:

We are looking for someone who has enthusiasm for student leadership, Human Resources, and supporting engineering and computer science students to manage recruitment processes such as application reviews and interview conducting.

Renew Session Volunteer

Review Session Volunteer:

We're always looking for more volunteers to help with our final exam review sessions! Classes we run sessions for include CSC: 110, 111, 115; ENGR: 141; PHYS: 110, 111; and CHEM: 150. A variety of roles are available! Whether you want to run the review sessions, support the review session leader, or make new practice materials, we would love to hear from you. Email uvicwecs.official@gmail.com with the subject line “Review Session Volunteer” and tell us about yourself, which courses you're interested in, and which role.

Special Opportunity

Interested in Cyber Security? Looking for a new learning opportunity? Well you've found your place!

CyberStart Canada is a *free*, immersive, gamified learning experience that helps students develop foundational cybersecurity skills which could open doors to future opportunities.

This program is led by Rogers Cybersecure Catalyst, powered by RBC and delivered in collaboration with TryHackMe. Students gain valuable skills such as critical thinking, problem solving, and ethical awareness in technology, along with hands-on experience in cybersecurity. Participants receive the following:

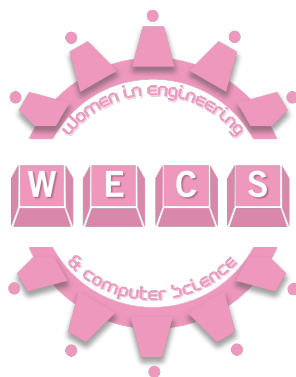

- Free premium TryHackMe access (Sponsored by RBC)
- A structured CyberStart Canada learning path designed to guide them step by step, even if you are brand new at cybersecurity.
- Three month access windows to help them stay focused, engaged and successful.
- Opportunities to earn recognition, including certificates and digital badges.

No prior experience is needed, just curiosity and willingness to learn! View the brochure below to learn more!
