Welcome to spring!

As the sun comes out and the semester comes to an end, WECS is here to soak up the rays, stop to smell the flowers and power through to exam season! Every semester, we proudly host a selection of Final Exam Review Sessions for students in our faculty. These review sessions are run by WECS members and volunteers. Keep reading to see the line up of this semester's sessions!

Recent Updates

Updated Discord Server: We have updated our discord server to give you a new-and-improved experience! Here, we will post about our events and resources, and we're hoping to get regularly-occurring online game nights started as well! This server is open for anyone to join, so don't hesitate!

New Website: If you haven't had a chance to check out our new website, please do! It is beautifully built by our wonderful directors Charli and Ella, who programmed and designed it by hand. Check it out [here](#)!

We have a Volunteer List! Would you like to get involved in WECS but can't commit to a core team role? Join our Volunteer List! Follow up on our Instagram for more information, and keep an eye out for other opportunities on there as well!

February/March Event Recap: The second month of the semester went as well as the first! Events in February included a lip balm night and a website building workshop. In the last few weeks, we've also hosted a workshop for building your own weather app, a mural painting event, a craft and conversation night, a bake sale and a compact mirror decorating night!

Final Exam Review Sessions
